Frequently Asked Questions

Claims payment and submission

Who do I call if I have a question regarding a claim denial?

The Customer Services Department is available to assist with denial questions about claims. The number is 855-521-0628. You may also contact your local Provider Relations Representative for assistance.

What fee schedule does American Health Advantage of Texas use to pay providers?

American Health Advantage of Texas is a product of American Health Plans, Inc. (AHP), a Medicare Advantage organization that holds a Medicare contract to provide these services in several states. AHP uses the current Medicare fee schedule for the state where the services are rendered.

Does American Health Advantage of Texas automatically cross-over claims to State Medicaid for coordination of benefits?

At this time, there is no automatic cross-over. Providers will need to submit claims directly to State Medicaid along with the American Health Advantage of Texas Explanation of Payment for payment.

What should I do if I bill Medicare, the claim is denied, and I find out the member had American Health Advantage of Texas at the time of service, but timely filing has passed?

If you have not filed your claim to American Health Advantage of Texas, please do so. In order for the claim to be considered for payment, it must be filed to American Health Advantage of Texas within 180 days of the date of the Medicare EOP (Explanation of Payment). Upon receipt and processing by American Health Advantage of Texas, you will receive a timely filing denial for the claim. At that point, you may submit a Provider Dispute Resolution form along with supporting documentation as evidence that (1) your initial verification showed that the member had Medicare and (2) that the initial claim was sent to Medicare according to the timely filing requirements of your American Health Advantage of Texas provider agreement. Along with your Dispute Resolution Request, please submit a copy of the Medicare Explanation of Payment (EOP) for purposes of determining that the claim was initially filed to Medicare within this timely filing requirement. If that is the case, your claim will be adjudicated for payment according to the member's coverage and benefits.
